

How to log into The Locker

An NCCP number, sometimes referred to as a CC number/Coach number/Locker number, is a unique identifier that is associated with a coach's Coaching Association of Canada Locker account. The NCCP number is 3-7 digits in length, and contains no letters.

NCCP number = Locker account

Please do not register in the Locker if you already have an NCCP number. See below to contact CA

All new NCCP numbers must be approved by the CAC. This means that the account is not instantly available after registration. Most accounts are confirmed in 1-2 business days.

If you encounter any issues, or if you have questions about NCCP numbers or acquiring one, please contact Coach & Partner Services at 613.235.5000 Ext. 1 or by email at coach@coach.ca.
